## Directions

- Heat oven to 375 F. In large bowl, beat 1 cup sugar, brown sugar, peanut butter, & eggs with electric mixer on medium speed, or mix with a spoon. Stir in flour, baking soda, & baking powder.
- Shape dough into 1" balls, roll in additional sugar. Place on cookie sheet about 2" apart.
- Bake 8-10 mins, or until edges are light brown. Remove from oven and immediately press 1 chocolate candy in center of each cookie. Remove from cookie sheet to wire rack to cool.
- The peanut butter cups take a while to cool down, so give yourself a while to cool completely before transferring to storage.
